

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF FLORIDA NETWORK, U.S.A.,)	
INC. ("NETWORK USA") FOR A CERTIFICATE OF)	CASE NO.
PUBLIC CONVENIENCE AND NECESSITY TO OPERATE)	95-099
AS A RESELLER OF LONG DISTANCE SERVICES)	
THROUGHOUT THE STATE OF KENTUCKY)	

O R D E R

On March 14, 1995, Florida Network, U.S.A., Inc. ("Network USA") filed its application with the Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate, long-distance telecommunications services as a reseller within the Commonwealth of Kentucky.

Network USA is a Florida corporation proposing to resell the services of carriers currently certified within the Commonwealth of Kentucky in accordance with the terms and conditions set forth in its tariff. Network USA does not seek authority to provide operator-assisted telecommunications services.

Network USA employs no intrastate transmission or reception telecommunications equipment or facilities in the performance of its services, and all intrastate facilities, equipment, and networking will be provided by the underlying carrier. Network USA will not construct any new facilities in the Commonwealth of Kentucky.

The information provided by Network USA demonstrates its financial, managerial, and technical capability to provide

intrastate, long-distance telecommunications service. The proposed rates filed March 14, 1995 should be approved as the fair, just and reasonable rates to be charged, with the following modifications:

1. Refer to Original Sheet No. 4, Table of Contents. Correct the page numbering errors for the listed subjects.

2. Refer to Heading 4.3. - 4.8. in Section 4, Rates and Charges. Item 2 of each plan should state whether the rate is a per-minute charge.

In Administrative Case No. 306,¹ the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, Network USA should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the application, the information provided by Network USA, and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Network USA be and it hereby is granted authority to provide intrastate, long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. Network USA shall comply with the provisions of the Orders in Administrative Case No. 323.²

¹ Administrative Case No. 306, Detariffing Billing and Collection Services, Order dated April 30, 1990.

² Administrative Case No. 323, An Inquiry Into IntraLATA Toll Competition, An Appropriate Compensation Scheme for Completion of IntraLATA Calls by Interexchange Carriers, and WATS Jurisdictionality.

3. Network USA shall ensure that its name appears prominently on all bills issued to customers for services rendered.

4. Network USA's authority to provide service in this Commonwealth is strictly limited to those services described in this Order and in Network USA's application.

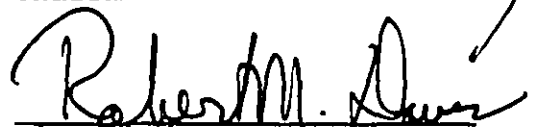

5. The rates and charges proposed by Network USA are hereby approved as filed on March 14, 1995 with the modifications noted herein.

6. Within 30 days from the date of this Order, Network USA shall file its tariff sheets in accordance with 807 KAR 5:011.

Done at Frankfort, Kentucky, this 14th day of June, 1995.
